++ Valid for broadcast between 0600 and 1800

Headline:
Widespread frost at first. Snow and icy patches later.

Today:
Dry with light winds and plenty of sunshine but cold with frosts slowly clearing through the morning. Turning cloudier later in the afternoon, though remaining dry. Maximum temperature 3 deg C (37 deg F).

Tonight:
A weak band of rain, sleet and snow will edge slowly southwards during the evening. Largely dry with a few clear spells later, alongside a widespread frost and icy patches. Minimum temperature -2 deg C (28 deg F).

Friday:
Generally cloudy and dry although the odd wintry shower cannot be ruled out, particularly during the afternoon. Risk of icy patches in the evening. Maximum temperature 3 deg C (37 deg F).

Outlook for Saturday to Monday:
Widespread frost and freezing fog patches on Saturday, dry and sunny otherwise. Early frost on Sunday, then dry with hazy sunshine. Breezy, mostly cloudy on Monday, but less cold.
